

EQUINE VETERINARY CARE

AT FAIR HILL TRAINING CENTER

EVC Health Certificate Policy

Equine Veterinary Care will complete a Maryland-origin Interstate Health Certificate only when presented with the following information:

- 1) Proof of Influenza/Rhinopneumonitis vaccination administered by an accredited veterinarian between 7 and 90 days prior to competition. An invoice or a signed vaccination certificate from the administering veterinarian is acceptable.
- 2) If EVC has vaccinated the horse in question, our office will provide the most recent date of Flu/Rhino vaccination.
- 3) Proof of a current-year negative EIA (Coggins) test.
- 4) 24 hour notice to our office is required. Health Certificates will not be written more than 72 hours prior to departure.

The goal of this policy is to provide EVC clients with Health Certificates for healthy horses meeting standard vaccination requirements before shipping and competition. This will allow to EVC to continue to provide timely and efficient service to you.
